I have been with Island Metro for over 13 years and have been very involved with TTA at many different levels. Currently, I am serving on the finance committee and have been committed to supporting TTA's mission at the local and state levels. I have the full support of my agency to continue serving on the board of TTA.

The primary reason I would like to continue serving on the TTA board is to support not just rural transit but all public transit as we face one of the most challenging times in our lifetime. This last year has been extremely difficult for all agencies, and I am ready to do everything I can to support public transit and TTA. I'm asking for your vote to allow me to continue serving on the TTA Board as a Rural representative.

Island Metro has been a member of TTA for over 5 years.
