## 1.6 Evaluation Criteria and Procedures

---

Proposals will be evaluated and ranked on the basis of the following factors, the weights of which are:

Prior Experience, Qualifications & Company History .....	25%
References .....	20%
Approach to Project .....	15%
Qualifications of Staff.....	15%
Reasonableness of Price & Markup Rate .....	15%
Quality/Completeness/Adhering to Instructions.....	10%

All aspects of the evaluations of the proposals and any discussions/negotiations, including documentation, correspondence and meetings, will be kept confidential during the evaluation and negotiation process.

Proposals will be analyzed for conformance with the instructions and requirements of the RFP and Contract documents. Proposals that do not comply with these instructions and do not include the required information may be rejected as insufficient or not be considered for the competitive range. BTD reserves the right to request an Offeror to provide any missing information and to make corrections. Offerors are advised that the detailed evaluation forms and procedures will follow the same proposal format and organization specified in the Instructions to Offerors. Therefore, Offerors shall pay close attention to and strictly follow all instructions. Submittal of a proposal will signify that the Offeror has accepted the whole of the Contract documents, except such conditions, exceptions, reservations or understandings explicitly, fully and separately stated on the forms and according to the instructions of Form for Proposal Deviation. Any such conditions, exceptions, reservations or understandings which do not result in the rejection of the proposal are subject to evaluation under the criteria of Proposal Evaluation Criteria.

BTB will select for any award the highest ranked proposal from a responsible Offeror, qualified under

Qualification Requirements which does not render this procurement financially infeasible and is judged to be most advantageous to BTB based on consideration of the evaluation Proposal Evaluation Criteria.

### Evaluations of Competitive Proposals

1. **Qualification of Responsible Offerors.** Proposals will be evaluated to determine the responsibility of Offerors. A final determination of an Offeror's responsibility will be made upon the basis of initial information submitted in the proposal, any information submitted upon request by BTB, information submitted in a BAFO if requested by BTB and information resulting from BTB's inquiry of Offeror's references and its own knowledge of the Offeror.
2. **Detailed Evaluation of Proposals and Determination of Competitive Range.** Each proposal will be evaluated in accordance with the requirements and criteria specified in "Proposal Selection Process".

The following are the minimum requirements that must be met for a proposal to be considered for the competitive range. All of these requirements must be met; therefore, they are not listed by any particular order of importance. Any proposal that BTB finds not to meet these requirements and may not be made to meet these requirements, may be determined by BTB to not be considered for the competitive range. The requirements are as follows:

- a. Offeror is initially evaluated as responsible in accordance with the requirements of "Qualification Requirements", or that BTB finds it is reasonable that said proposal can be modified to meet said requirements. Final determination of responsibility will be made with final evaluations.
- b. Offeror has followed the instructions of the RFP and included sufficient detailed information, such that the proposal can be evaluated. Any deficiencies in this regard must be determined by BTB to be either a defect that BTB will waive in accordance with "Acceptance/Rejection of Proposals" or that the proposal can be sufficiently modified to meet these requirements.
- c. Proposal price would not render this procurement financially infeasible, or it is reasonable that such proposal price might be reduced to render the procurement financially feasible.

BTB will carry out and document its evaluations in accordance with the criteria and procedures of "Proposal Selection Process". Any extreme proposal deficiencies which may render a proposal unacceptable will be documented. BTB will make specific notes of questions, issues, concerns and areas requiring clarification by Offerors and to be discussed in any meetings held with Offerors which BTB finds to be within the competitive range.

Rankings and spreads of the proposals against the evaluation criteria will then be made by BTB as a means of judging the overall relative spread between proposals and of determining which proposals are within the competitive range or may be reasonably made to be within the competitive range.

3. **Proposals not within the Competitive Range.** Offerors of any proposals that have been determined by BTB as not in the competitive range and cannot be reasonably made to be within the competitive range will be notified in writing, including the shortcomings of their proposals.
4. **Discussions with Offerors in the Competitive Range.** The Offerors whose proposals are found by BTB to be within the competitive range or may be reasonably made to be within the competitive range, will be contacted by BTB to answer any questions and/or requests for clarifications. Each such Offeror may be invited for a private interview(s) and discussions with BTB to discuss answers to written or oral questions, clarifications and any facet of its proposal.

In the event that a proposal, which has been included in the competitive range, contains conditions, exceptions, reservations or understandings to any Contract requirements as provided in "Form for Proposal Deviation", said conditions, exceptions, reservations or understandings may be negotiated during these meetings. However, BTB shall have the right to reject any and all such conditions and/or exceptions and instruct the Offeror to amend its proposal and remove said conditions and/or

exceptions; and any Offeror failing to do so may cause BTB to find such proposal to be outside the competitive range.

No information, financial or otherwise, will be provided to any Offeror about any of the proposals from other Offerors. Offerors will not be given a specific price or specific financial requirements they must meet to gain further consideration, except that proposed prices may be considered to be too high with respect to the marketplace or unacceptable. Offerors will not be told of their rankings among the other Offerors.

5. **Best and Final Offers (BAFO).** Offerors are reminded the BAFO's may not be requested and therefore their first submission should always be their best possible offer. If BAFO's are requested, once all interviews have been completed, each of the Offerors in the competitive range will be afforded the opportunity to amend its proposal and make its BAFO. The request for BAFO's shall include:
  - a. Notice that discussions/negotiations are concluded;
  - b. Notice that this is the opportunity for submission of a BAFO;
  - c. A common date and time for submission of written BAFO's, allowing a reasonable opportunity for preparation of the written BAFO's;
  - d. Notice that if any modification to a BAFO is submitted, it must be received by the date and time specified for the receipt of BAFO's and is subject to the late submissions, modifications and withdrawals of proposals provisions of the Request for Proposal;
  - e. Notice that if Offerors do not submit a BAFO or a notice of withdrawal and another BAFO, their immediate previous offer will be construed as their BAFO.

Any modifications to the initial proposals made by an Offeror in its BAFO shall be identified in its BAFO. BAFO's will be evaluated by BTB according to the same requirements and criteria as the initial proposals "Proposal Selection Process". BTB will make appropriate adjustments to the initial scores for any sub-criteria and criteria which have been affected by any proposal modifications made by the BAFO's. These final scores and rankings within each criterion will again be reviewed by BTB and considered according to the relative degrees of importance of the criteria defined in "Proposal Evaluation Criteria".

BTB will make the award to the responsible Offeror whose proposal is most advantageous to BTB. Accordingly, BTB may not necessarily make an award to the Offeror with the highest technical ranking nor award to the Offeror with the lowest price proposal if doing so would not be in the overall best interest of BTB.

BTB reserves the right to make an award to an Offeror whose proposal it judges to be most advantageous to BTB based upon the evaluation criteria, without conducting any written or oral discussions with any Offerors or solicitation of any BAFO's.

## **1.7 Response to Proposals**

---

### **Acceptance/Rejection of Proposals**

BTB reserves the right to reject any or all proposals for sound business reasons, to undertake discussions with one or more Offerors and to accept that proposal or modified proposal which, in its judgment, will be most advantageous to BTB, price and other evaluation criteria considered. BTB reserves the right to consider any specific proposal which is conditional or not prepared in accordance with the instructions and requirements of this RFP to be noncompetitive. BTB reserves the right to waive any defects or minor informalities or irregularities in any proposal which do not materially affect the proposal or prejudice other Offerors.

If there is any evidence indicating that two or more Offerors are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Offerors shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken

by BTB.

BTB may reject a proposal that includes unacceptable deviations as provided in "Conditions, Exceptions, Reservations or Understandings"

### **Single Proposal Response**

If only one proposal is received in response to this RFP and it is found by BTB to be acceptable, a detailed price/cost proposal may be requested of the single Offeror. A price or cost analysis, or both, possibly including an audit, may be performed by or for BTB of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The Offeror has agreed to such analysis by submitting a proposal in response to this RFP.

Price analysis: An evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise an Offeror's price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto.

Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price.

Cost analysis: A more detailed evaluation of the cost elements in the Offeror's offer to perform. It is conducted to form an opinion as to the degree to which the proposed costs represent what the Offeror's performance should cost. A cost analysis is generally conducted to determine whether the Offeror is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable and reasonable.

Any such analyses and the results there from shall not obligate BTB to accept such a single proposal; and BTB may reject such proposal at its sole discretion.

### **Appeals**

Appeals to BTB's decision of approved equals or clarifications of specifications must be in writing and received by BTB by the time specified in the schedule. BTB has no obligation to consider appeals not received within the time specified in the Schedule.

### **Protests**

Protests resulting from the award of a contract through the RFP procedure must be made in writing to BTB's Contracting Officer within three working days of the letter of non-selection to the Offeror. The protest must outline the specific portion of the specification or proposal procedure that had been violated.

Protests by an interested party regarding this procurement shall be made in accordance with Chapter 2155 of the Texas Government Code. After such administrative remedies have been exhausted, an interested party may file a protest with the Federal Transit Administration (FTA) or the U.S. Department of Transportation pursuant to the procedures provided in FTA C 4220.1F or the Texas Department of Transportation (TxDOT). Alleged violations of certain federal requirements provide a separate complaint procedure. See, for example, Buy America Requirements, 49 CFR 661 and Participation by Disadvantaged Business Enterprise in Department of Transportation Programs, 49 CFR 23.

Failure to comply with the above protest procedures will render a protest untimely and/or inadequate and shall result in its rejection.

### **Conflict of Interest**

Effective January 1, 2006, Chapter 176 of the Texas Local Government Code (House Bill 914) requires that any vendor or person considering doing business with a local government entity disclose the vendor or person's affiliation or business relationship that might cause a conflict of interest with a local government entity. The Conflict-of-Interest Questionnaire form is included in the Forms Section. Any attempt to intentionally or

unintentionally conceal or obfuscate a conflict of interest may automatically result in the disqualification of the Offeror.

### **Disclosure of Interested Parties**

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295), which is available at [https://www.ethics.state.tx.us/whatsnew/elf\\_info\\_form1295.htm](https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm), to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. BTD require the selected Contractor to file Form 1295 electronically with the Commission at the time of Contract Award.

### **Bid Protest Policy**

Protests resulting from the award of a contract through the RFP procedure must be made in writing to BTD's Contracting Officer within three working days of the letter of non-selection to the Offeror or proposer. The protest must outline the specific portion of the specification or proposal procedure that had been violated.

As an FTA funding recipient, BTD is required to notify and keep FTA updated about the status of the protest when it receives a third-party contract protest to which this circular applies an award given by BTD.

The protester must exhaust its administrative remedies by pursuing the recipient's protest procedures to completion before appealing the recipient's decision to FTA.

Protests by an interested party, as in a party that is an actual or prospective Offeror whose direct economic interest would be affected by the award or failure to award the third-party contract at issue, regarding this procurement shall be made in accordance with Chapter 2155 of the Texas Government Code. After such administrative remedies, have been exhausted, an interested party may file a protest with the Federal Transit Administration (FTA) or the U.S. Department of Transportation pursuant to the procedures provided in FTA C 4220.1F. Alleged violations of certain federal requirements provide a separate complaint procedure. See, for example, Buy America Requirements, 49 CFR 661 and Participation by Disadvantaged Business Enterprise in Department of Transportation Programs, 49 CFR 23.

The protester must deliver its appeal to the FTA Regional Administrator within five working days of the date when the protestor has received actual or constructive notice of the recipient's final decision or when the protestor has identified other grounds for appeal to FTA, such as, the recipient's failure to have or failure to comply with its protest procedures or failure to review the protest.

Failure to comply with the above protest procedures renders a protest untimely and/or inadequate and shall result in its rejection.

In the event of a timely protest received by the Contracting Officer, the following steps are performed:

The Contracting Officer affects a stay of procurement during the protest.

- If the contract has not been awarded, award is delayed until all administrative and judicial remedies have been exhausted. All Offerors or proposers on the vendor mailing list are advised of the protest and of the delay in the procurement.
- The President/CEO may make a determination, in writing, that the award of a contract without delay is necessary to protect the interests of BTD. This written determination is made part of the contract file by the Contracting Officer.
- The Contracting Officer notifies the President/CEO and the affected department head that a bid or proposal protest has been received.
- The Contracting Officer conducts an investigation into the protest with the assistance of BTD

staff or other personnel as required.

- The Contracting Officer may meet with the protesting vendor or request additional information from the vendor during the investigation
- The Contracting Officer issues the findings of the investigation in writing to all interested parties and the written report, including the original protest, is made a part of the contract file.
- The Grants and Budget Department acts as the direct liaison with FTA. The Contracting Officer supplies any records or documents requested by the Grants and Budget Department for FTA.

### 3.7 DBE Good Faith Effort Documentation (Page 1 of 2)

#### RFP # PG02172024

If the Offeror did not meet or exceed BTB's DBE subcontracting goal, then the Offeror must comply with BTB's DBE policy by documenting that good faith efforts were made. Please place a Yes or No in blanks below for items one, two and three to indicate if you have completed the good faith effort form, attached any related support documents, and provided any additional information/ support/clarification beyond that requested in the good faith effort documents. Item number three (providing additional information) is at the Offeror's responsibility to ensure that sufficient information is provided to BTB, so that good faith efforts can be comprehensively evaluated.

I, the Offeror, have (YES or NO):

- ☐ Yes ☐ No 1) Completely filled out this good faith effort form with signature and date,
- ☐ Yes ☐ No 2) Attached any related supporting documents, and also
- ☐ Yes ☐ No 3) Provided any additional information and/or documents that I (the Offeror) deemed necessary to support and/or clarify the good faith efforts that I made.

It is the Offeror's responsibility to correctly, accurately, and substantively provide all necessary information to BTB, at the time of bid submission. The information provided by the Offeror must be sufficient enough for BTB to determine that the efforts made by the Offeror to obtain DBE participation were such efforts that an Offeror actively and aggressively seeking to meet those goals would make. Actions or efforts which are merely "pro forma" or "going through the motions" do not constitute good faith efforts to obtain the participation of DBEs. BTB will look not only at the different kinds of efforts that the Offeror has made, but also the quality and intensity of those efforts.

This information will then be evaluated by BTB's DBE Department or a designee of BTB for good faith effort compliance. Failure to comply will render the bid non-responsive.

Note: The information requested below is not intended to be an inventory or check list. The DOT does not require BTB to insist that any Offeror do any particular one or any combination of the items on this list. It is not intended to be an exclusive or exhaustive list of all actions an Offeror, acting in good faith actively or aggressively seeking to obtain DBE participation would make. Other types of efforts or factors may be relevant in appropriate cases.

1. Please list each and every subcontracting and/or supplier opportunity which will be available in the completion of this project, regardless of whether it is to be provided by a DBE or non-DBE. Use additional sheets, if needed.

## INSTRUCTIONS FOR CERTIFICATION

By signing and submitting this proposal, the Respondent/Contractor is providing the certification set out below.

1. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The Respondent/Contractor shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Owner's determination whether to enter into this transaction. However, failure of the Respondent/Contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
2. The certification in this clause is a material representation of fact upon which reliance was placed when the Owner determined to enter into this transaction. If it is later determined that the Respondent/Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Owner may terminate this transaction for cause or default.
3. The Respondent/Contractor shall provide immediate written notice to the Owner to which this proposal is submitted if at any time the Respondent/Contractor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "bid," "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549 and 12689. 5. The Respondent/Contractor agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a Subcontractor who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Owner entering into this transaction.
6. The Respondent/Contractor further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion- Lower Tier Covered Transactions," provided by the Owner entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a Respondent/Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for transactions authorized under paragraph 6 of these instructions, if a Respondent/Contractor in a covered transaction knowingly enters into a lower tier covered transaction with a Subcontractor who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Owner may terminate this transaction for cause or default.

The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this agreement.

#### **Contract Work Hours and Safety Standards for Awards Not Involving Construction**

The Contractor shall comply with all federal laws, regulations, and requirements providing wage and hour protections for non-construction employees, in accordance with 40 U.S.C. § 3702, Contract Work Hours and Safety Standards Act, and other relevant parts of that Act, 40 U.S.C. § 3701 *et seq.*, and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. part 5.

The Contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.

Such records maintained under this paragraph shall be made available by the Contractor for inspection, copying, or transcription by authorized representatives of the FTA and the Department of Labor, and the Contractor will permit such representatives to interview employees during working hours on the job.

The contractor shall require the inclusion of the language of this clause within subcontracts of all tiers.

#### **Construction Safety**

The Common Grant Rules require provisions to ensure safety at construction sites so that no laborer or mechanic shall be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous as prohibited by the safety requirements of Section 107 of the Contract Work Hours and Safety Standards Act, 40 U.S.C. Section 3704, and its implementing DOL regulations, "Safety and Health Regulations for Construction," 29 CFR Part 1926. Notably, Section 4104(c) of the Federal Acquisition Streamlining Act of 1994, 40 U.S.C. Section 3701(b)(3)(A)(iii), increased the threshold for construction safety protections to \$100,000 from \$2,000 as set forth in the Common Grant Rules, so that a federally assisted construction contract must exceed \$100,000 before these construction safety requirements apply to that contract.

### **4.9 Veterans Preference**

---

As provided in 49 U.S.C. § 5325(k), to the extent practicable, the Contractor agrees and assures that each of its Subrecipients:

A. Will give a hiring preference to veterans, as defined in 5 U.S.C. § 2108, who have the skills and abilities required to perform construction work required under a Third-Party Contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53; and

B. Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

#### **4.10 Bonding Requirements**

---

A bid guarantee from each Offeror equivalent to five (5) percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the Offeror will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified;

A performance bond on the part of the Contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the Contractor's obligations under such contract; and a payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

#### **4.11 Government-Wide Debarment and Suspension**

---

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Non-procurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Non-procurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

- a) Debarred from participation in any federally assisted Award;
- b) Suspended from participation in any federally assisted Award;
- c) Proposed for debarment from participation in any federally assisted Award;
- d) Declared ineligible to participate in any federally assisted Award;
- e) Voluntarily excluded from participation in any federally assisted Award; or
- f) Disqualified from participation in any federally assisted Award.

By signing and submitting its bid or proposal, the bidder or Offeror certifies as follows:

The certification in this clause is a material representation of fact relied upon by BTB. If it is later determined by BTB that the bidder or Offeror knowingly rendered an erroneous certification, in addition to remedies available to BTB, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The Offeror or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The Offeror or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

#### **4.12 Third Parties**

---

The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal

Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

#### **4.13 Program Fraud and False or Fraudulent Statements or Related Acts**

---

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

#### **4.14 False or Fraudulent Statements or Claims**

---

A. Civil Fraud. The Recipient acknowledges and agrees that:

I. Federal laws, regulations, and requirements apply to itself and its Underlying Agreement, including the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq., and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31.

II. By executing the Underlying Agreement, the Recipient certifies and affirms to the Federal Government the truthfulness and accuracy of any claim, statement, submission, certification, assurance, affirmation, or representation that the Recipient provides to the Federal Government.

III. The Federal Government may impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, and other applicable penalties if the Recipient presents, submits, or makes available any false, fictitious, or fraudulent information.

B. Criminal Fraud. The Recipient acknowledges that 49 U.S.C. § 5323(l)(1) authorizes the Federal Government to impose the penalties under 18 U.S.C. § 1001 if the Recipient provides a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation in connection with a federal public transportation program under 49 U.S.C. chapter 53 or any other applicable federal law.

#### **4.15 Never Contract with the Enemy**

---

The Recipient agrees to the regulations implementing Never Contract with the Enemy in 2 CFR part 183. The regulations in 2 CFR part 183 affect covered contracts, grants and cooperative agreements that are expected to exceed \$50,000 within the period of performance, are performed outside the United States and its territories, and are in support of a contingency operation in which members of the Armed Forces are actively engaged in hostilities.

#### **4.16 Buy America**

---

The Contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. Part 661, which provide that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. 661.7, and include final assembly in the United States for 15 passenger vans and 15 passenger wagons produced by Chrysler Corporation, and microcomputer equipment and software. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. 661.11. Rolling stock must be assembled in the United States and have a 60 percent domestic content.

A Contractor must submit to the FTA recipient the appropriate Buy America certification with all bids or offers on FTA-funded contracts, except those subject to a general waiver. Responses, bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive.

With the implementation of the Fixing America's Surface Transportation (FAST) Act, new requirements for domestic content are phased in based on the date of delivery of the rolling stock. The increased domestic content percentage requirement for rolling stock for FY20 & beyond is more than 70% domestic content.

For rolling stock purchases for which the average cost of the vehicle is more than \$300,000, the FAST Act allows the cost of steel or iron produced in the U.S. and used in the rolling stock frames or car shells to be included in the domestic content calculation, regardless of whether the frame or car shell is produced in the U.S.

FTA does not require the inclusion of these requirements in subcontracts.

---

a) Definitions. As used in this clause—

b) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, Agencies, and others use U.S-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S-flag air carrier is available to provide such services.

c) If available, the Contractor, in performing work under this contract, shall use U.S-flag carriers for international air transportation of personnel (and their personal effects) or property.

d) In the event that the Contractor selects a carrier other than a U.S-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

e) Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

#### **4.18 Cargo Preference**

---

Shipments by Ocean Vessel- The Common Grant Rules require third party contract provisions to ensure compliance with 46 U.S.C. Section 55303 and Maritime Administration regulations, "Cargo Preference-U.S. Flag Vessels," 46 CFR Part 381, implementing the codified Cargo Preference Act. With few exceptions, the regulations require that U.S. Flag vessels be used to transport at least 50 percent of any federally assisted property.

#### **4.19 Lobbying**

---

Contractors who apply for an award of \$100,000 or more shall file the Certification Regarding Lobbying, required by 49 CFR Part 20, New Restrictions on Lobbying, with the Owner. Each Subcontractor shall file the Certification Regarding Lobbying with the Contractor that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.

The Contractor and Subcontractors shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from Subcontractors to Contractor to BTM. The certification regarding Lobbying to be completed by the Contractor and Subcontractor(s) is provided herein under Certifications and Forms Section.

The contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

---

#### **4.23 Interest of Members of, or Delegates to, Congress**

---

#### **4.27 Incorporation of FTA Terms**

Incorporation of Federal Transit Administration (FTA) Terms - The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any BTD requests which would cause BTD to be in violation of the FTA terms and conditions.

---

#### **4.28 Privacy Act**

Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract. ## 4.29 Patent Rights and Rights in Data

---

### Intellectual Property Rights

This Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the Agency intellectual property access and licenses deemed necessary for the work performed under this Agreement and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT. The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Agreement and shall, at a minimum, include the following restrictions: Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution. For purposes of this agreement, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Federal Government Purposes," any subject data or copyright described below. For "Federal Government Purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.

a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and  
b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.

2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.

3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.

5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.

6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

### **4.33 Violation and Breach of Contract**

---

#### **Rights and Remedies of the Agency**

The Agency shall have the following rights in the event that the Agency deems the Contractor guilty of a breach of any term under the contract:

1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;
2. The right to cancel the Contract as to any or all of the work yet to be performed;
3. The right to specific performance, an injunction or any other appropriate equitable remedy, and;
4. The right to money damages.

#### **Rights and Remedies of Contractor**

Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the Agency, the Contractor expressly agrees that no default, act or omission of the Agency shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the Agency directs Contractor to do so) or to suspend or abandon performance.

#### **Remedies**

Substantial failure of the Contractor to complete the Project in accordance with the terms of this Contract will be a default of this Contract. In the event of a default, the Agency will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Contract by the Contractor before the Agency takes action contemplated herein, the Agency will provide the Contractor with sixty (60) days written notice that the Agency considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the agencies authorized representative and contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the Agency is located.

## **Disputes**

Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by an authorized representative of Agency. This decision shall be final and conclusive unless within (10) days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Agency's authorized representative. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Agency's authorized representative shall be binding upon the Contractor and the Contractor shall abide by the decision.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner. Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the Contract, and in accordance with the Agency's direction or decisions made thereof.

## **Performance during Dispute**

Unless otherwise directed by Agency, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

## **Claims for Damages**

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

## **Rights and Remedies**

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Agency or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

## **FTA Interest:**

FTA has a vested interest in the settlement of any violation of federal law, regulation, or requirement, or any disagreement involving the Award, the accompanying Underlying Agreement, and any Amendments thereto including, but not limited to, a default, breach, major dispute, or litigation, and FTA reserves the right to concur in any settlement or compromise.

## **Notification to FTA; Flow Down Requirement:**

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third-Party Agreements and must require each Third-Party Participant to include an equivalent provision in its sub-agreements at every tier, for any agreement that is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220.

(1) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

(2) Matters that may affect the Federal Government include, but are not limited to, the Federal Government's interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government's administration or enforcement of federal laws, regulations, and requirements.

(3) Additional Notice to U.S. DOT Inspector General- The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729, et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third-Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient. In this paragraph, "promptly" means to refer information without delay and without change. This notification provision applies to all divisions of the Recipient, including divisions tasked with law enforcement or investigatory functions.

**Federal Interest in Recovery:**

The Federal Government retains the right to a proportionate share of any proceeds recovered from any third party, based on the percentage of the federal share for the Underlying Agreement. Notwithstanding the preceding sentence, the Recipient may return all liquidated damages it receives to its Award Budget for its Underlying Agreement rather than return the federal share of those liquidated damages to the Federal Government, provided that the Recipient receives FTA's prior written concurrence.

**Enforcement:**

The Recipient must pursue its legal rights and remedies available under any third-party agreement or any federal, state, or local law or regulation.

#### **4.34 Severability**

---

The Contractor agrees that if any provision of this agreement or any amendment thereto is determined to be invalid, then the remaining provisions thereof that conform to federal laws, regulations, requirements, and guidance will continue in effect.

#### **4.35 Termination**

---

Termination for Convenience (General Provision) BTD may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to BTD to be paid the Contractor. If the Contractor has any property in its possession belonging to BTD, the Contractor will account for the same, and dispose of it in the manner BTD directs.

Termination for Default (Supplies and Service) If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, BTD may terminate this contract for default. BTD shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner

or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

**Opportunity to Cure (General Provision)-** The Agency, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to Agency's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [10 days] after receipt by Contractor of written notice from Agency setting forth the nature of said breach or default, Agency shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Agency from also pursuing all available remedies against Contractor and its sureties for said breach or default.

**Waiver of Remedies for any Breach-** In the event that Agency elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by Agency shall not limit Agency's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

**Termination for Convenience or Default (Architect and Engineering)-** The Agency may terminate this contract in whole or in part, for the Agency's convenience or because of the failure of the Contractor to fulfill the contract obligations. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall

(1) immediately discontinue all services affected (unless the notice directs otherwise), and

(2) deliver to the Agency's Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. Agency has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the Agency, the Agency's Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If the termination is for failure of the Contractor to fulfill the contract obligations, the Agency may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Agency. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Agency

Upon written notice, the Offeror agrees that the Federal Government may suspend or terminate all or any part of Federal assistance if terms of the project agreement are violated, if the Federal Government determines that the purposes of the laws authorizing the Project would not be adequately served by the continuation of Federal assistance for the Project, if reasonable progress on the Project is not made, if there is a violation of the project agreement that endangers substantial performance of the Project, or if the Federal Government determines that Federal assistance has been willfully misused by failing to make appropriate use of Project property. Termination of Federal assistance for the Project will not typically invalidate obligations properly incurred before the termination date to the extent those obligations cannot be canceled. The Federal Government reserves the right to require the refund of the entire amount of Federal assistance provided for the Project or a lesser amount.
